## EDUCATION

---

### DeVry University

May 2009 – May 2012

Earned a Bachelor of Science Degree in Technical Management

### University of Denver

October 2018 - Current

Currently enrolled in a Full Stack Development Boot Camp at the University of Denver. This program focuses on the MEAN stack. I will complete this program in April 2019

## WORK EXPERIENCE

---

### Denver Broncos - Senior IT Analyst

June 2015–Present

As a Senior IT Analyst, I worked to develop in house solutions to help improve current business processes to make our employees more efficient and effective.

### Denver Broncos - IT Engineer

March 2010–June 2014

As an IT Engineer I was responsible for supporting the Denver Broncos Video departments servers, workstations and network equipment.

### Denver Broncos IT Help Desk

June 2003–December 2007

As an IT Help Desk Technician, I was responsible for building and supporting all PC and Laptops at our training facility. In addition I also provided desktop support to all users in the organization.
